MiningTech Conference & Exhibition

EXPLORE

MiningTech Conference & Exhibition Series started in Santiago, Chile in 2018 and expanded to Johannesburg, South Africa in 2019. The core of the event to connect miners, investors, technology firms, equipment producers and service providers via personalised networking platforms, 1-2-1 meetings and social events.

For 2021, we are launching a brand new event MiningTech World to connect virtually our global audience in the new business environment we are facing right now. By going digital, we are bringing more benefits to our sponsors and exhibitors by implementing virtual interactive expo, live chats with participants, networking lounge, boosting attendance and engagement for new product launches, video presentations & live content .

We'll be broadcasting presentations and live interactive sessions from leading mining industry experts across the world. There'll be interaction , Q & A and live virtual roundtable sessions. Join in from wherever you are online either live or watch the sessions on-demand.

Our MiningTech Conferences seek to constantly reinvent and innovate with new cutting-edge content, unique speakers and different attendees. That is our commitment to our returning attendees to ensure maximum mileage every year.

NETWORKING

NETWORKING MEALS AND EVENING DRINKS RECEPTION

We all have our pet topics and interests and some of us prefer sharing what we know with others in a small group settings.

Roundtable discussions, with country, commodity or other mining specific topics, presents a perfect platform for more cosy intellectual discussions. Moreover, conversations with other like-minded individuals provides a great opportunity to exchange viewpoints and foster new business contacts.

1-2-1 MEETINGS

Food and drinks always make excellent conversation starters. Hence MiningTech Conferences devotes substantial time to create the perfect environment for relaxed, casual networking meals and drinks.

With no set time limit on how long each meeting should last, attendee can freely mingle and discover new opportunities and contacts. We will also be on site to matchmake attendees based on their common business profiles or objectives.

ROUNDTABLE DISCUSSIONS

Undivided one to one attention is a tried and tested networking method too. They can be a great platform to have confidential, direct and targetted conversations. MiningTech Conferences, with the help of the virtual business matching tool or on site staff introductions, facilitate such networking opportunities.
